SECTION 504 ELIGIBILITY GUIDELINES AND PROCEDURES
SCHOOL-COMMUNITY RELATIONS GOALS

The School Committee believes that the public schools belong to the people who created them by consent and support them by taxation, and the support of the people must be based on their understanding of and their participation in the aims and efforts of the schools. Therefore, the Committee declares its intent:

1. To keep local citizens regularly and thoroughly informed through all available channels of communication on the policies, programs, problems, and planning of the school system, and to carry out this policy through its own efforts, those of the Superintendent, and such information officers as may be appointed.

2. To solicit the studied counsel of the people through advisory committees selected from the community and appointed to consider problems that vitally affect the future of our children.

A School Committee member in his/her relations with community should:

- Realize that his/her primary responsibility is to the children.
- Realize that his/her basic function is policy-making and not administrative.
- Remember that he/she is one of a team and must abide by, and carry out all Committee decisions once they are made.
- Be well-informed concerning the duties of a Committee member on both a state and local level.
- Remember that he/she represents the entire community at all times.
- Accept the office of a Committee member as a means of unselfish service with no intent to "play politics," in any sense of the word, or to benefit personally from his/her Committee activities.
SCHOOL/COMMUNITY RELATIONS GOALS

The School Committee believes that the District is an integral part of the community and that community support is necessary for the District's operation and achievement of excellence. The School Committee and District staff members recognize that community support is based on a mutual exchange, a dynamic process in which the District contributes to the community's success and, in turn, benefits from the community's resources.

In order to maintain productive relationships with the community, the District is committed to sustaining:

- Effective, accurate, and meaningful communications that facilitate dialogue, encourage involvement in District programs, and create community advocacy for its public schools.

- Volunteer programs that provide mutually enriching experiences for our students, staff, and community volunteers.

- Recognition programs that publicly honor the contributions of our students, employees, and community partners and express pride in our individual and collective accomplishments.

- Community service efforts which enable the District's staff and students to express their commitment to the community.
SCHOOL/PARENT RELATIONS GOALS

It is the general goal of the District to foster relationships with parents which encourage cooperation between the home and school in establishing and achieving common educational goals for students.

While parents are individually responsible for their children, the District provides direct services of education and indirect services of child care for students during the time when they are within the supervision of school personnel. Consistent with these shared responsibilities and as appropriate to the maturity of the student, members of the school staff will consult with parents regarding student progress and achievement, methods to enhance student development, and matters of correction.

Additionally, parental involvement in the schools is encouraged through regular communication with the school Principal and staff, the parent/teacher organizations, the school volunteer program, and other opportunities for participation in school activities and District programs.
NON-CUSTODIAL PARENTS’ RIGHTS
(General Laws Chapter 71, Section 34H)

As required by G.L. Ch. 71, Sec. 34H, a non-custodial parent may have access to the student record in accordance with law and Department of Education Regulations. The School District will follow the law and the attachments recommended by the Massachusetts Department of Education to standardize the process by which public schools provide student records to parents who do not have physical custody of their children ("non-custodial parents"). The implementation of this policy will hopefully encourage parents to be involved in and informed about the education of their children, while protecting the rights and safety of all parties.

As required by M.G.L. c. 71, § 34H, a non-custodial parent may have access to the student record in accordance with the following provisions.

(a) A non-custodial parent is eligible to obtain access to the student record unless:

1. The parent has been denied legal custody based on a threat to the safety of the student or to the custodial parent, or
2. The parent has been denied visitation or has been ordered to supervised visitation, or
3. The parent's access to the student or to the custodial parent has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record.

(b) The school shall place in the student's record documents indicating that a non-custodial parent's access to the student's record is limited or restricted pursuant to 603 CMR 23.07(5)(a).

(c) In order to obtain access, the non-custodial parent must submit a written request for the student record to the school principal.

(d) Upon receipt of the request the school must immediately notify the custodial parent by certified and first class mail, in English and the primary language of the custodial parent, that it will provide the non-custodial parent with access after 21 days, unless the custodial parent provides the principal with documentation that the non-custodial parent is not eligible to obtain access as set forth in 603 CMR 23.07 (5)(a).

(e) The school must delete the electronic and postal address and telephone number of the student and custodial parent from student records provided to non-custodial parents. In addition, such records must be marked to indicate that they shall not be used to enroll the student in another school. (f) Upon receipt of a court order which prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school shall notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent.

RELATIONS WITH PARENT ORGANIZATIONS

To foster relationships with parents that encourage the home and school to work together to establish and achieve common educational goals for students, the Superintendent and the professional staff will:

1. Consult with and encourage parents to share in school planning and in setting objectives and evaluating programs.

2. Help parents understand the educational process and their role in promoting it.

3. Provide for parent understanding of school operations.

4. Provide opportunities for parents to be informed of their child's development and the criteria for its measurement.

To accomplish the above and to enhance communications between parents and school officials, the Committee encourages the maintenance of formal parent organizations at each school building. For this purpose the Committee will officially recognize a parent organization at each building. These procedures will be observed:

1. Organizations will be officially recognized upon request by the building Principal who will file a copy of the organizational papers with the Superintendent.

2. A vote, open to all parents of children enrolled, will designate the organization to be recognized if more than one organization makes the request.

3. Parent organizations will forward to the School Committee an annual report of fundraising activities.

Approved by the Somerset School Committee April 30, 2009
COMMUNITY INVOLVEMENT IN DECISION-MAKING

The School Committee endorses the concept that community participation in the affairs of the schools is essential if the school system and the community are to maintain mutual confidence and respect and work together to improve the quality of education for students. It therefore intends to exert every effort to identify the desires of the community and to be responsive, through its actions, to those desires.

All citizens will be encouraged to express ideas, concerns, and/or about the schools to the school administration, to any appointed advisory bodies, and to the Committee.

Residents who are specially qualified because of interest, training, experience, or personal characteristics will be encouraged to assume an active role in school affairs. From time to time, these people may be invited by the Committee to act as advisors, either individually or in groups.

The Committee and the staff will give substantial weight to the advice they receive from individuals and community groups interested in the schools, particularly from those individuals and groups they have invited to advise them regarding specific problems, but will use their best judgment in arriving at decisions.

CROSS REF.: BDF, Advisory Committees to the School Committee
THE SUPERINTENDENT will have authority to accept gifts and offers of equipment for the schools in the name of the Committee when the gift is of educational value. In the case of gifts from industry, business, or special interest groups, no extensive advertising or promotion may be involved in any donation to the schools.

Gifts that would involve changes in school plants or sites will be subject to School Committee approval.

Gifts will automatically become the property of the school system. Any gift of cash, whether or not intended by the donor for a specific purpose, will be handled as a separate account and expended at the discretion of the Committee, as provided by law.

The Committee directs the Superintendent to assure that an appropriate expression of thanks is given all donors.

The School Committee is a public servant, and its meetings and records will be a matter of public information except as such meetings and records pertain to individual personnel and other classified matter.

The School Committee supports the right of the people to know about the programs and services of their schools and will make every effort to disseminate information. All requests for information will be acted on fairly, completely and as expeditiously as possible. Reports from studies commissioned by the School Committee shall be released to the public after they have been delivered to the Committee for its review. Within a reasonable time after receiving reports from such outside agents as auditor, fire Department, and health department, the Superintendent shall inform the Committee of action he/she has taken pursuant to recommendations made in such reports.

The official minutes of the Committee, its written policies and regulations, and its financial records will be open for inspection at the office of the Superintendent by any citizens desiring to examine them during hours when the office is open. No records pertaining to individual students or staff members will be released for inspection by the public or any unauthorized persons by the Superintendent or other person's responsible for the custody of confidential files. The exception to this will be information about an individual employee (or student) that has been authorized in writing for release by the employee (or student, or student's parent).

The Somerset School Department is authorized to use all means available to keep parents and others in the particular school's community informed about the educational programs and activities of the district.

NEWS MEDIA RELATIONS/NEWS RELEASES

Every effort will be made to assist the press and other communications media to obtain complete and adequate coverage of the programs, problems, planning, and activities of the school system.

All representatives of the media will be given equal access to information about the schools. General releases of interest to the entire community will be made available to all the media simultaneously. There will be no exclusive releases except as media representatives request information on particular programs, plans or problems.

In order that school system publicity is given wide coverage and is coordinated into a common effort and purpose, the following procedures will be followed in giving official information to the news media:

1. The School Committee chairman will be the official spokesman for the Committee, except as this duty is delegated to the Superintendent.

2. News releases that are of a system-wide or a sensitive nature or pertain to established Committee policy are the responsibility of the Superintendent.

3. News releases that are of concern to only one school, or to an organization of one school, are the responsibility of the Principal of that particular school. All statements made to the press by other staff members of the particular school must be cleared with the Principal.

While it is impossible to know how news releases will be treated by the press, every possible effort should be made to obtain coverage of school activities that will create and maintain a dignified and professionally responsible image for the school system.
PUBLIC COMPLAINTS

Although no member of the community will be denied the right to bring their complaints to the Committee, they will be referred through the proper administrative channels for solution before investigation or action by the Committee. Exceptions will be made when the complaints concern Committee actions or Committee operations only.

The Committee believes that complaints are best handled and resolved as close to their origin as possible, and that the professional staff should be given every opportunity to consider the issues and attempt to resolve the problem prior to involvement by the Committee. Therefore, the proper channeling of complaints involving instruction, discipline or learning materials will be as follows:

1. Teacher
2. School building administrator
3. Superintendent
4. School Committee

If a complaint, which was presented to the Committee and referred back through the proper channels, is adjusted before it comes back to the School Committee, a report of the disposition of the matter will be made to the Committee and then placed in the official files.

Matters referred to the Superintendent and/or School Committee must be in writing and should be specific in terms of the action desired.

The Committee expects the professional staff to receive complaints courteously and to make a proper reply to the complainant.

Complaint Procedure

(1) A parent, guardian, or other person or group who believes that M.G.L. c. 76, &5 or 603 CMR 26.00 has been or is being violated, may request a written statement of the reasons therefor from the responsible School Committee through the Superintendent and may submit a copy of such request to the Bureau of Equal Educational Opportunity of the Department of Education. If such request is made, a copy of such request shall be sent by the School Committee to the Bureau of Equal Educational Opportunity.

(2) The School Committee shall respond promptly, but no later than 30 days, in writing to the complaining party. The School Committee shall also send a copy of its response to the Bureau of Equal Educational Opportunity.

(3) The Bureau of Equal Educational Opportunity shall act as the representative of the Board of Education for the purpose of receiving complaints pursuant to 603 CMR 26.00.

Private Right of Enforcement

Nothing in 603 CMR 26.00 shall abridge or in any way limit the right of a parent, guardian, or person affected to seek enforcement of St. 1971, c.622 in any court or administrative agency of competent jurisdiction.

LEGAL REFS.: 603 CMR 26:09 and 26:10
PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL

Complaints about school personnel will be investigated fully and fairly. However, before any such complaint is investigated, the complainant must submit his/her complaint in writing. Anonymous complaints will be disregarded.

Whenever a complaint is made directly to the School Committee as a whole or to a Committee member as an individual, it will be referred to the school administration for study and possible solution.

The Superintendent will develop, for approval by the Committee, procedures that assure prompt and fair attention to complaints against school personnel. The procedures will require that an employee who is the object of a complaint be informed promptly and be afforded the opportunity to present the facts as he/she sees them.

If it appears necessary, the administration, the person who made the complaint, or the employee involved may request an executive session of the Committee for a formal hearing and decision. Statutory restrictions on executive sessions will be observed.

CROSS REF.:   BEC, Executive Sessions
PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL

The following procedures are established to ensure that a citizen's complaint is given respectful attention and that the integrity of the educational program is upheld. "Complaint" in this regulation will be restricted in meaning to that criticism of particular school employees by a citizen of the school district which includes or implies a demand for action by school authorities. Other comments and suggestions will be referred informally to affected personnel.

1. If a complaint comes first to the person against whom it is directed, he/she will listen courteously and may try to resolve the difficulty by explaining the background and educational purpose involved. If the complaint remains unsatisfied, the employee will refer him/her to the building Principal or other immediate supervisor to have his/her views considered further. Whether the complaint terminates with the individual staff member involved or seems likely to go further, the staff member will immediately inform his/her supervisor of the complaint.

2. If a complaint comes first to the Principal or other supervisor of the person criticized, he/she should listen courteously or acknowledge a letter promptly and politely, but should make no commitments, admissions of guilt, or threats. If the complaint involves a particular employee, the supervisor should suggest a conference between the complainant and the person criticized and should inform that person immediately of the complaint.

   If the complainant has already met with the person criticized and remains unsatisfied, the supervisor should invite the complainant to file his/her complaint in writing and offer to send him/her the appropriate form regarding a school employee's behavior, character or qualifications.

3. If a complaint comes first to any other school employee, that employee will refer the complainant to the person criticized or his/her immediate supervisor and immediately inform both.

4. No further action on the complaint should be taken unless the complainant submits the complaint in writing.

5. When a written complaint form is received, the Principal or other supervisor will schedule a conference with himself, the complainant, the person criticized, and if advisable, the department chairman or other personnel that either the supervision or the person criticized feels could contribute resolution of the problem.

6. If the complainant is not satisfied with the results of the conference above, he/she should then be referred to the Superintendent, who may handle the complaint personally or refer it to other personnel, as he/she may see fit.
7. Should dissatisfaction remain after the above steps have been taken, the matter will be placed on the agenda for the next regularly scheduled Committee meeting. The decision of the Committee will be communicated in writing to all interested persons.

LEGAL REF.: 603 CMR 26.09 and 26.10
PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

The School Committee, though it is ultimately responsible for all curriculum and instructional materials (including library books), recognizes the need and right of students to free access to many different types of books and materials. It also recognizes the right of the professional staff to select books and other materials supportive of the school system's educational philosophy and goals.

Criticism of a book or other materials used in the schools may be expected from time to time. In such instances:

1. If a parent requests that his/her own child not read a given book, the teacher and/or school administrator should resolve the situation, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose. This does not apply however, to basic program texts and materials that the Committee has adopted.

2. The Committee will not permit any individual or group to exercise censorship over instructional materials and library collections, but recognizes that at times a reevaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use:

   a. The person who objects to the book or other material will be asked to sign a complaint on a standard form on which he/she will document his/her criticism.

   b. Following receipt of the formal complaint, the Superintendent will provide for a reevaluation of the material in question. He/she will arrange for the appointment of a review committee from among the faculty to consider the complaint.

   c. The Superintendent will review the complaint and the Committee's reevaluation and will render a decision in the matter. Should the decision be unsatisfactory to the complainant, he/she may appeal it to the Committee.

In summary, the Committee assumes final responsibility for all books and instructional materials it makes available to students; it holds its professional staff accountable for their proper selection. It recognizes rights of individual parents with respect to controversial materials used by their own children; it will provide for the reevaluation of materials in library collections upon formal request. On the other hand, students' right to learn and the freedom of teachers to teach will be respected.

PUBLIC SOLICITATIONS IN THE SCHOOLS

The School Committee will place limits on commercial activities and fund-raising activities in the schools for the following reasons:

1. The school system should provide students, parents, and employees some measure of protection from exploitation by commercial and charitable fund-raising organizations.

2. The school system should not give the public the impression of generally endorsing or sanctioning commercial and fund-raising activities.

3. Commercial and fund-raising activities may disrupt school routine and cause loss of instructional time.

Following these guiding statements, the Superintendent and Principals may permit occasional commercial or fund-raising activities related to the objectives of the schools with the following exceptions:

1. No direct solicitation of students or employees may take place without School Committee permission.

2. No general or class distribution of commercial or fund-raising literature may take place without School Committee permission.

For the purposes of this policy, local PTA and PTO groups and groups representing school system employees will be considered "school groups" and will be governed by the Committee's policy on staff solicitations.

RELATIONS WITH BOOSTER ORGANIZATIONS

The School Committee recognizes that the endeavors and objectives of booster organizations and similar groups can be a valuable means of stimulating interest in and endorsement of the aims and achievements of our public school system.

Generally, actions initiated by boosters provide the atmosphere and climate to foster and encourage community-school relationships.

Booster-proposed plans, projects, or activities must be evaluated and promoted in light of their stated contribution to the academic as well as the athletic and fine arts programs of the schools. Care must be taken to avoid compromising or diluting the responsibilities and authorities of the School Committee.
RELATIONS WITH GOVERNMENTAL AUTHORITIES
AND ACCREDITED ORGANIZATIONS

It shall be the policy of the Somerset School Committee that the Committee shall maintain harmonious relations with all appointed and elected officials of the Town of Somerset, with officials of the Massachusetts Department of Elementary and Secondary Education, and with all recognized and accredited organizations interested in the welfare of the children.

RELATIONS WITH POLICE AUTHORITIES

The Somerset School Committee will give full cooperation to the Somerset Office of Emergency Management and to the Somerset Police Department and Somerset Fire Department in all emergencies, and the Superintendent is authorized to make all school facilities available to these agencies when required.

Relationships between the schools and officials of law enforcement agencies in investigative matters concerning pupils will take into consideration the respective roles of the schools and law enforcement agencies in assisting and protecting the interests of the community, and ensuring the rights of all concerned.

The School Committee also recognizes the potential enrichment that law enforcement agencies can make in the educational program.

Efforts should be made to develop and maintain a healthy attitude toward law enforcement agencies and personnel to promote better understanding and communication.
It is the intent of the Somerset Public Schools and the Somerset Police Department to engage in cooperative efforts aimed at the elimination of drugs, controlled substances, and alcohol from the schools. Such cooperation is designed to bring about a comprehensive community response to the social and physical hazards of drug use, drug involvement and controlled substance abuse by the students of Somerset.

The parties to the memorandum of understanding hereby agree to the conditions and procedures entered below:

1. Reporting

   A. All school staff members are under obligation to report all incidents of the use or possession of any drugs or controlled substances by students. For the purpose of this agreement, alcohol is recognized as a drug.

   B. School personnel are not protected under the confidentiality statutes of the Commonwealth, and if called on to testify in court, they would be obligated to reveal any information relating to drugs or controlled substances even if voluntarily-confided to them by students.

   C. Every incident, suspected incident, or suspected pattern of use, possession, or trafficking in drugs or controlled substances, is to be immediately reported to the appropriate building Principal, other administrator or designee. Any substantiated incident shall be reported to the Superintendent of Schools and police as soon as possible. Suspected incidents should be reported to the police for further investigation.

   D. Any student who is suspected of, observed as, or has admitted to being under the influence of a drug or controlled substance must be immediately escorted to the office of the building Principal/Vice Principal. In substantiated cases parents will be notified as soon as possible.

   E. Incidents, as described in items 1A-D and any substantiated involvement with an illegal substance or alcohol, are considered violations of school rules, and possibly of the law, if they occur in the school building, on school grounds, at school-sponsored events, at activities or events which may be conducted off school grounds, on school buses and at or near school bus stops during loading and unloading times.

   F. The Principal of each school building shall be the party to whom all such incidents are reported and who will coordinate procedures in these matters. In the
absence of the Principal or upon assignment, another administrator or designee shall perform this function.
2. Violations

A. To be under the influence of drugs or controlled substances, but not in possession of drugs, is a violation of school rules. Students in violation of school rules regarding drugs or controlled substances will be appropriately disciplined. The police may be summoned in cases of disorderly or dangerous conduct. The Superintendent of Schools and police shall be notified of all situations of substantiated drug involvement.

B. Students found in possession of drugs or controlled substance will be considered in violation of the law and the Superintendent of Schools and police shall be notified. Contraband (illicit drugs and paraphernalia associated with drug use) will be secured until it can be turned over to the police.

C. Where appropriate, the police will pursue criminal action against any student found to be in possession of drugs.

3. Coordination

School administrators shall meet at least annually with local law enforcement officials to review goals and procedures contained herein, and exchange information regarding drug use and trafficking within the schools and community.
RELATIONS WITH PLANNING AUTHORITIES

The School Committee will participate in local and state planning functions that could directly affect District schools and their immediate environment.

The Superintendent or designee will keep the School Committee informed of planning matters bearing directly on the operation of District schools or school-sponsored programs, and will undertake action on behalf of the School Committee to influence matters in the best interests of the students, the schools and the District.
RELATIONS WITH LOCAL GOVERNMENTAL AUTHORITIES

The School Committee and its administrative officers welcome all who seek to serve the residents of the community and will participate with them in the planning and execution of such projects as will be mutually beneficial for students.

It is School Committee policy that administration inform elected and appointed officials of the local and county government of the desire to work cooperatively for improved services.
SECTION 504
ELIGIBILITY GUIDELINES AND PROCEDURES

The Somerset Public Schools and Somerset Berkley Regional School District is committed to a policy of nondiscrimination against qualified persons with disabilities, in accordance with Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1990, as amended (ADA).

Section 504 of the Rehabilitation Act (1973) is a federal civil rights law that protects the rights of individuals with disabilities in programs and activities that receive federal financial assistance. Specifically, Section 504 requires that “No otherwise qualified individual with disabilities in the United States…shall, solely by reason of his or her disability, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance…” This includes access for students with disabilities to district before-school, after-school or summer programs. A provision for extended school day and/or school year services in an Individualized Educational Program (IEP) is not a requirement for participation in any of these programs.

Section 504 requires school districts to provide a free, appropriate public education (FAPE) to eligible students with disabilities. This means that the educational services provided to students with disabilities must be equivalent to the services provided to students without disabilities. All students who have been identified as eligible for special education services under the Individuals with Disabilities Education Act/Chapter 766 (IDEA) are also protected by Section 504. However, there are certain students who may not be eligible for services or programs under IDEA, but who still may be determined as having a disability within the definition of Section 504. Section 504 accommodations are appropriate for those students who have a mental or physical impairment that “substantially limits one or more major life activities such as walking, hearing, speaking, breathing, learning, working, caring for oneself, and performing tasks.” (Please note the added emphasis on the words major and substantial, which determine eligibility.)

If school staff has reason to believe that because of a disability as defined under Section 504, a student needs either accommodations or related services in order to participate in the general school program, the school must evaluate the student. A group of persons knowledgeable about the student must interpret the meaning of the evaluation and other data, and must document all information considered in order to develop an Accommodation Plan. The school must then implement that plan.

Eligibility
A student is eligible for services under Section 504 when s/he:
1. Has a physical or mental impairment that substantially limits one or more major life activities. A physical or mental impairment may include, but is not limited to, physical disabilities or conditions, psychological disorders, and specific learning disabilities
2. Has a record of such an impairment
3. Is regarded as having an impairment
Major Life Activities include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. Although not exhaustive, examples of the range and variety of disabilities included under Section 504 are provided below.

**Non-ambulatory Disabilities**
Physical impairments, regardless of cause, that require an individual to use a wheelchair. In this category are individuals who are paraplegic, quadriplegic, hemiplegic, or who have had a limb or limbs amputated, etc.

**Semi-ambulatory Disabilities**
Physical impairments that cause a person to walk with difficulty, perhaps with the assistance of crutches, walkers or braces.

**Coordination Disabilities**
Impairments of muscle control of the limbs, resulting in faulty coordination.

**Sight Disabilities**
Impairments affecting vision totally or partially.

**Hearing Disabilities**
Impairments affecting hearing totally or partially.

**Speech Impairments**
Impairments affecting totally or partially the ability to communicate orally.

**Mental and Emotional Disabilities**
Impairments such as attention deficit disorder or depression.

**Regulatory Requirements**
Section 504 regulations require that all students with disabilities be provided:

- a free and appropriate public education (FAPE), including individually-designed programs
- equal access to programs and services, including non-academic and extra-curricular activities
- notice to parents or guardians with respect to Section 504 procedures
- determination of Section 504 eligibility, done by a team composed of people knowledgeable about: the student, the meaning of the evaluation data, and the placement options.
- evaluation data based on a variety of sources
- development of a 504 Plan, if deemed appropriate
- an annual review of the student’s 504 plan and re-evaluation every three years
- due process/grievance procedures available to parents/guardians

**Complaints**
Somerset Public Schools and Somerset Berkley Regional School District does not discriminate in admission to, access to, treatment in, or employment in its services, programs, and activities, on the basis of race, color, or national origin, in accordance with Title VI of the Civil Rights Act of 1964 (Title VI); on the basis of sex, in accordance with Title IX of the Education Amendments of 1972; on the basis of disability, in accordance with Section 504 of the Rehabilitation Act of 1973 (Section 504) and Title II of the Americans with Disabilities Act of 1990 (ADA); or on the basis of age, in accordance with the Age Discrimination Act of 1975 (Superintendent’s Circular, Equity, No. 4).

Any student, parents, and/or guardian who believes s/he has been the victim of discrimination or harassment based
upon disability or who believes s/he has been denied a free appropriate public education to which s/he as a student with a disability is entitled, may file a complaint to the Section 504 Compliance Officer.

Enclosures: Information Regarding Section 504 (Form 3)
            Parent/Student Rights (Form 3)
            504 Due Process/Grievance Procedures (Form 5)
Section 504 is an Act which prohibits discrimination against persons with a disability in any program receiving Federal financial assistance. The Act defines a person with a disability as anyone who:

1. has a mental or physical impairment which substantially limits one or more life activities (major life activities include activities such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working); or

2. has a record of such an impairment; or

3. is regarded as having such an impairment.

In order to fulfill its obligation under Section 504, Somerset Public Schools/Somerset Berkley Regional School District recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability will knowingly be permitted in any of the programs, services, activities and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and if the child is determined to be eligible under Section 504, to afford access to appropriate educational programs, services and activities.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to an impartial due process hearing before the Massachusetts Department of Elementary and Secondary Education, Bureau of Special Education Appeals.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. This act gives the parent or guardian the right to: 1) inspect and review his/her child’s educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the child’s rights; and 6) a hearing on the issue if the school refuses to make the amendment.
The following is a description of the rights granted by federal law to students found to be eligible under Section 504 of the Rehabilitation Act. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions.

You have the right to:

1. Have your child take part in, and receive benefits from public education programs without discrimination because of his/her disability;
2. Have the school district advise you of your rights under federal law;
3. Receive notice with respect to identification, evaluation, or placement of your child;
4. Have your child receive a free appropriate public education. This includes the right to be educated with students without disabilities to the maximum extent appropriate. Principal: ______________________________

School-based 504 Coordinator: ______________________________
District Section 504 Compliance Officer: Lisa J. Martiesian, Director of Special Education
PURPOSE
The purpose of the Section 504 – Grievance Procedure for Student Complaints is to address complaints of disability discrimination under Section 504 and Title II. The intent of these uniform procedures is to assure that, to the greatest extent possible, grievances of discrimination or harassment are resolved in a positive spirit. All complaints will be received and investigated in a fair and expeditious manner. The District will take affirmative steps to address and correct any substantiated finding of discrimination.

This policy does not deny the right of the complaining party to file formal complaints at any time with the U.S. Department of Education, Office for Civil Rights or to seek private counsel for complaints alleging discrimination.

GENERAL POLICIES

a. Retaliation against any student, family member or other third party for processing a grievance or participating in any way in the grievance procedure is strictly prohibited.

b. Whenever possible, conferences should be scheduled during a mutually convenient time that does not conflict with regularly scheduled school programs.

c. The filing of a complaint shall not be construed as reflecting unfavorably on a student, family or other third party’s good standing, performance, loyalty, or desirability to the Somerset Public Schools/Somerset Berkley Regional School District.

d. Personal information regarding the complainant, the alleged harasser, and the witnesses will be protected from disclosure to the extent permitted by the investigative process and the nature of the complaint.

e. In determining whether alleged conduct constitutes discrimination or harassment, the Superintendent or his or her designee will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances.

PROCEDURES

I. Informal Complaints

Students, families and other third parties are encouraged, where appropriate, to attempt to resolve complaints regarding an alleged discriminatory practice on an informal basis. A student who chooses to seek informal resolution of his or her complaint should present the complaint to the principal or to any school administrator with the authority to resolve the complaint. Upon receiving an informal complaint regarding an allegedly discriminatory practice, the school
official shall attempt, within his/her authority, to work with the individual to resolve the complaint fairly and expeditiously.

The school official shall also record each complaint/concern/issue and indicate if a resolution was reached and if so, how. (Please see attached).

Building principals shall provide a monthly report to the Superintendent relative to any complaints/concerns/issues with a student’s 504 Plan.

Students, families or other third parties who do not wish to seek informal resolution of their discrimination complaints, or who are dissatisfied with attempts at informal resolution, may also present their complaints directly to the District Section 504 Compliance Officer.

II. **Formal Complaints**

**Section A.** A student, family or third party who is dissatisfied with the attempts to resolve his or her complaint informally, or who wishes to bypass the informal complaint procedures entirely, may also seek formal resolution of his or her complaint. Nothing in this policy shall prevent a student from reporting discrimination or harassment directly to the District Section 504 Compliance Officer.

**Section B.** A student, family or third party may file a formal complaint with the District Section 504 Compliance Officer by filling out a Discriminatory Practice Review/Student Grievance Form (the last 2 pages of this document) after the alleged discriminatory practice occurred. It is advised to file this complaint as close to the incident as possible, as complaints are more easily resolved at the time of the incident. The Discriminatory Practice Review/Student, Family, Other Third Party Grievance Form asks the complainant to state the name of the individual against whom the complaint is being filed, the location of the school/department where the alleged discriminatory practice occurred, the basis for the complaint, and the corrective action that the student is seeking. In the event a student is unable to complete the form the District Section 504 Compliance Officer shall take such information in person.

**Section C.** After a student files a formal written complaint, the District Section 504 Compliance Officer may, within five (5) school days, give written notification to the appropriate school/department identified in the complaint and to the individual against whom the complaint has been filed.

The District Section 504 Compliance Officer shall make a thorough and expeditious investigation of the complaint. The investigation will include a private interview with the person filing the complaint. The District Section 504 Compliance Officer shall also contact those individuals that have been identified as having pertinent information related to the complaint and shall conduct private interviews with any witnesses.

**Section D.** After completing the formal investigation of the complaint, the District Section 504 Compliance Officer may request a meeting with the person against whom the complaint was filed
and/or the supervisor or appropriate authority involved, to discuss the findings and recommended resolutions from the District Section 504 Compliance Officer. The results of the District Section 504 Compliance Officer’s investigation shall be reduced to written findings of fact. Upon completion of the investigation, to the extent appropriate, the person filing the complaint and the person alleged to have committed the conduct will be informed of the results of that investigation in writing. Minimally, a copy of the final determination as to whether a discriminatory act has occurred shall be furnished to the complainant, the individual named in the complaint, and the appropriate administrator/supervisor, and the Superintendent.

Section E. Most complaints are resolved within thirty (30) school days after the formal complaint is received. If more than thirty (30) school days is required for the investigation, the District Section 504 Compliance Officer may inform the complainant of the need for extended time and of the reason why additional time is required to complete the investigation. If additional extended time is needed this step may be repeated every (30) school days until the complaint is resolved.

Section F. If the District Section 504 Compliance Officer finds that there is reasonable cause for believing that a discriminatory practice has occurred, he/she will determine ways to resolve the matter.

District Section 504 Compliance Officer:

1. Take seriously all complaints of discrimination or harassment

2. Take necessary steps to end any discrimination or harassment that is determined.

3. Take necessary steps to prevent this discrimination or harassment from happening again in the future.

4. When appropriate, individuals found at fault of discrimination or harassment may be referred for disciplinary action.

   For employees such action may include written warning, suspension, termination or another action deemed appropriate under the circumstance.

   For students such action may include suspension, expulsion or another action deemed appropriate under the circumstance.

Section G. If the District Section 504 Compliance Officer determines that there is not sufficient cause to believe that the employee or applicant has been discriminated against, and there is no basis for corrective action, the District Section 504 Compliance Officer will give written notification of that determination to the employee or applicant at that point.

Section H. District Section 504 Compliance Officer will maintain records of all complaints of discrimination and harassment made to the District Section 504 Compliance Officer, noting the school or department in which the complaint occurred, the person accused, and the results of the investigation of any such complaints.

The District Section 504 Compliance Officer will annually review records to identify any patterns or issues for future training and take appropriate action as necessary. The District’s Section 504 Compliance Officer will report the results of its annual reviews to the Superintendent of Schools.
